

Please reference FEC letters regarding: October Quarterly Report (7/1/10-9/30/10) and 12 Day Pre-General Report (10/1/10-10/13/10). Schedule A supporting Line 11(c) of the referenced reports disclose MEMO entries totaling \$14,528.58 and \$6,714.28, respectively, which correspond to contributions received through ActBlue, a conduit. Each of these entries represents a gross check amount received, for one or more contributions from individual donors. For each of these MEMO entries, transactions are reported for each donor, with amount given; and an expense is reported for the service fee deducted from the gross check. There is a discrepancy between the total of the itemized transactions and the MEMO entry they correspond with, due to the fact that unitemized contributions may be included in the check total.
